Other mounting options available.

VORTEX - AVAILABLE INFILLS

Glass

VORTEX glass panel railing system from Viva Railings offers a sleek and contemporary design that is perfect for modern architectural projects. The system features a minimalist design with a single bar post and a unique funnel or vortex-shaped conical bracket that sits between the glass panels. This bracket serves a dual purpose, supporting the glass panels and providing a sturdy handrail.

VORTEX™ GLASS SYSTEM - TECHNICAL DATA

	MATERIAL	FINISH	SIZE/SPACING
POST	Stainless Steel (304 or 316) Stainless Steel (201)	#6 Satin Powder Coat	2" Flat bar @ 5'-0" max. O.C. for glass infill
INFILL OPTIONS	Glass with Cone Clamp	Clear, Tinted or Frit	Min. 3/8" laminated glass with PVB or SGP interlayer¹ Glass standard thickness: 3/8", 1/2" Interlayer standard thickness, SGP: 0.035" , 0.06" PVB: 0.035"
TOP RAIL/HAND RAIL	Stainless Steel U-Cap Stainless Steel U-Cap with LED³ Stainless Steel Tube Stainless Steel Tube with LED Wood (Red Oak, Cherry or Maple)² Wood (Red Oak, Cherry or Maple) with LED	#6 Satin, Powder Coat #6 Satin #6 Satin, Powder Coat #6 Satin Unstained Unstained	1" Height U-Cap for Glass Top Rail Ø1-1/2" with LED LINEAR, Ø1-1/2" or Ø2" with LED POD Ø1-1/2" or Ø2" for Hand Rail Ø2" or 2"x1" Rectangular tube for Top Rail Ø1-1/2" with LED LINEAR, Ø1-1/2" or Ø2" with LED POD Ø2" Ø2" with LED LINEAR

1. IBC 2015 & newer requires railing glass to be laminated. VIVA recommends SGP for exterior applications.

2. All LED LINEAR products are ETL certified; ETL mark is proof of product compliance to North American safety standard.

3. Other species available upon request.

FINISHING OPTIONS

#6 Satin

#8 Mirror Finish comes at an additional cost to our #6 Finish.

Powder Coat*

Powder coating is an environmentally-friendly option because it doesn't rely on solvents or chemical carriers. Instead, an electrostatic charge holds the paint to the steel, thus eliminating VOC emissions which will help in regards to LEED requirements. In addition, it meets AAMA specifications. Powder coating is durable and scratch resistant so it weathers and retains its original hue better than conventional liquid coatings.*

[POWDER COAT FINISHING OPTIONS](#)

The digital swatches of our powder coat colors may not accurately represent the actual real-life samples. Factors such as monitor settings, lighting conditions, and individual perception can affect the colors you see on your screen. We suggest using the swatches as a general reference for color, shade, and hue, rather than expecting an exact match. For the most precise color selection, we recommend requesting physical samples or visiting our office in Lewisville, TX to evaluate the powder coat colors in person.

Please note that while we offer a diverse range of standard powder coat colors to complement our products, any selections outside of these standard options may incur additional costs. We encourage you to consult with our specialists to explore all available options and make the best decision for your project needs.
