

PanelScapes: FLAT

Architectural Panel Solutions, Simplified

METAL[®]
SPACES
A division of Viva Railings, LLC.

VIVA RAILINGS[®]
LEADERS IN ARCHITECTURAL RAILING SYSTEMS

System Overview

 **Standardized supply-only panels in select best-selling patterns and solid configurations**

 **CSI Division: 05 7000 – Metal Wall Panels**

 **Delivery Model: Quick Ship supply-only**

A Quick Ship, supply-only system of standardized metal panels drawn from a curated subset of our pattern library. Designed for fast specification and efficient installation, PanelScapes delivers clean aesthetics, consistent quality, and competitive value for interior and exterior applications — without the lead time of fully custom systems.

APPLICATIONS

Interior feature walls: lobbies, elevator surrounds, corridors

Exterior accent wall facades and cladding: commercial, hospitality, institutional

Partitions and dividers: interior space management, privacy barriers, landscaping and balcony dividers

Screening: HVAC, equipment, and waste management enclosures

KEY FEATURES

- **Quick Ship Delivery:** Standardized panels in select best-selling patterns and solid configurations
- **Material Range:** Aluminum, Stainless Steel, and Steel in formed profiles
- **Finish Options:** Powder Coat (AAMA 2604); Stainless Steel in Brushed Satin, Glass Bead Satin, and Cross Hatch
- **Spec-Driven Simplicity:** Built for fast submittals and repeatable installs
- **Competitive Value:** Standardized offering priced for spec-driven projects

Standard Panels & Arrays

Choose from four standard patterns, customize them to fit your design vision, or create your own using our set of four modular panels. This flexibility ensures seamless integration with any architectural or aesthetic.

All panels are available as solid panels or laser cut panels.

Standard Panel Sizes

Pre-Configured Arrays

General Contractor: Lee Lewis Construction
Architect: Corgan

Primary Patterns

Crisp, modern, and minimal — these linear patterns add structure and repetition to building exteriors.

Geometric Patterns

Symmetrical, tessellated designs that bring rhythm and movement to facades.

Organic Patterns

Soft, flowing forms that evoke nature. A biophilic touch in even the most urban environments.
